"Its cold and its getting colder, gray and white, winter all around, Oh I must be getting older, All this snow is trying to get me down". See how spoiled we are? First real taste of winter waits until New Year's Eve, we still complain. Seeing what others around the country are enduring, I doubt we'll get much sympathy... *"A little nonsense, now and then, is relished by the wisest men."*... **Not much to do** this month. Even the weeds take January off. So kick back and enjoy a little levity while we check out the multiplying seed catalogues... *"As God is my witness, I thought turkeys could fly!"*... **But do call** if you need help with recycling Christmas trees. Or anything else. We've got time... **Ladies and Gentlemen**, start your rim shots... **Did you hear the** joke about the roof? Hmm, never mind, it's probably over your head... *"Listen Edith, I know you're singing, you know you're singing, but the neighbors may think I'm torturing you"*... **Attention all personal: Due** to circumstances beyond our control, lunch will be served today."... **Two ladies are walking** down the street, and one notices a compact on the sidewalk. She picks it up, opens it, looks in the mirror and says, "Hey, this person looks familiar." The other says, "Here, let me see!" She looks and says, "You dummy, it's me!"... *"We thought you was a toad!"* **"Look, maybe we could do something else together. Mrs. Robinson. Would you like to go to a movie?"**... **Did you hear about** the guy just staring at the orange juice carton? Well, it said "concentrate."... *"Fat,*

drunk and stupid is no way to go through life, son."... **We interrupt this attempt** at frivolity with this important message. Due to circumstances beyond my control, I lost the list of last month's winners. OK, I apparently ziggged when I should have zagged while transferring info from old computer to new. So we'll try it again this month. **Name the source of ANY** quote on this page and you win! We now return you to our program already in progress..."*"You know you're getting old when you stoop to tie your shoelaces and wonder what else you could do while you're down there"*... **Too long to include here**, but if you are able to check this link <http://www.miamiherald.com/2009/02/11/427603/dave-barry-a-journey-into-my-colon.html>

OR look up Dave Barry's column of Feb 22, 2008, it will be worth it. My side still hurts from laughing...*"Mr. President, I'm not saying we wouldn't get our hair mussed. But I do say no more than ten to twenty million killed, tops. Uh, depending on the breaks"*... **A lady is knitting** while driving. A police officer drives along side her, and shouts, "Pull over!" The woman yells back, "No, mittens!..."*"One morning I shot an elephant in my pajamas. How he got into my pajamas I'll never know."*... Ole was very sick, not expected to make it, when he noticed the smell of fresh cookies. He barely made it down the stairs to the kitchen where Lena had just baked a fresh batch. As he reached for his last warm cookie, Lena slapped his fingers and said "
