"**Knock, knock, knockin'** on heaven's door." When the Navy Seals drop in, you can pretty much figure it's not going to be a great day. Nice going guys!... **The lyrics at the bottom** and throughout are in honor of that feat. Name singer of any to get into this month's drawing... "**Open up your mind** and let the light shine in, the earth has been reborn and life goes on". Yes, its spring. Now could someone turn up the heat a tad?... **How about** a round of applause for those who planted all those pear trees? They have been absolutely gorgeous this year, and have been for several weeks now. Can the crab trees possibly be as sturdy? ... **Wonder what your mowing** day will be this year? Wonder no more. It should be on your statement or your newsletter. If not give me a call. As usual, the condition is **weather permitting**. Please adjust sprinklers accordingly, and have the dogs do their business some other day... **As always, we** can adjust that schedule as needed to accommodate special occasions or events. Just give us a little notice...**As we move thru** the

month the list of possible plantings and chores in the lawn and garden will just keep growing. So rest up, ya hear... **Roses should be pruned** if you haven't already. Flowering shrubs can be pruned

as the blooms are finished... **Most seeds can go** into the garden by now, and most plants in a few weeks. Earlier if you use Walls O'Water... **But spring here never comes** without a struggle. So be ready to cover those early plantings, as Jack Frost may yet have a little nose nipping up its sleeve...**Can the recent Earth Day** really be the 41st? My how time flies when hav-

ing fun... **In keeping with that** spirit, I'm asking customers who have access to the www to go paperless. Have the newsletter and statements sent via email. Saves me postage, but more importantly saves a lot of paper every month. Plus you can adjust the font size to your eyes. And no one will ever see your email address besides me... "**Laid on the ground** and shook fearin' for his life. Then he ran all the

way to town screamin' it came out of the sky' "... **A little later this month** we'll be applying the first dose of fertilizer. Watch for note on door, it will be riveting... **Guy opens a tub** of margarine and therein sees what looks like the face of Jesus. Shows it to his neighbor, who shook his head and said "I can't believe it's not Buddha."... **Dandelions are again busting** out all over. But before you get out there with the 2-4-D, a few helpful hints. Pick a CALM time to spray (morning is preferable), and a day that will get close to 70. Add a drop of dish soap to the mix to help the chemical penetrate. Finally, once you use weed killer, you MUST be persistent, and follow up with additional sprayings as needed until the weed is dead. Otherwise it's as if you gave the weed a vaccine, and possibly make it immune to the spray...**Many**

knew, Ibaldo Jiminez was the opening day pitcher, but only **Thelma Smith** caught the first pitch... **Why did the elephant** sit on the marshmallow? He didn't want to

fall into the hot chocolate... **No, I didn't forget**, Happy Mother's Day, Mom! And to all you moms as well... **Way to go Rockies!** Best April ever... **Adios!**

**SOMEONE'S KNOCKING AT THE DOOR, SOMEBODY RINGING THE BELL,
DO ME A FAVOR, OPEN THE DOOR AND LET 'EM IN, YEAH, YEAH. ."**
